## Christy-Smith Family Resource Center

*The desire to remember a loved one through mementoes and keepsakes goes back as far as human history.*

*We've always felt compelled to remember those who have left us with something we can see and touch long after they are gone; whether it's a photograph, loved one's ashes, stepping stone, memorial gift or a head stone.*

**Pre-Arrangements:** Pre-arranging provides you with information about planning your own type of remembrance ceremony, and sources of funding for that ceremony. It allows you to answer the question "How would I like to be remembered?"

**Caskets:** Our casket display room offers the latest concept in casket selection and is unique to this area. While

providing the consumer with a broad and complete selection, it provides a comfortable and non-threatening atmosphere by displaying caskets in quarter-sections, rather than the standard full-sized model.

#### **Vaults:**

Miniature vault samples allow a comparison of quality and value, and will help you understand the importance of a vault and its role in protecting the casket.

**Cremation Caskets:** If your choice of final disposition is cremation, but your desire is to have a viewing and funeral ceremony prior to that, our line of cremation caskets fits this need. While appropriate for the cremation process, they add dignity to the viewing and ceremony.

**Cremation Urns:** A full assortment of cremation urns allows you to select from several kinds of material used in urn

construction, and further allows you to choose from several options within each type of material.

**Cremation Urn Vaults:** Those families desiring the burial of cremated remains may select an appropriate urn vault for the cemetery, which is required by some local cemeteries.

Whether the marker will be Bronze or Granite, we offer a full line of colors and styles.

**Keepsakes:** Need a special way to express your love and appreciation for a person? This section includes a variety of unique mementos, perfect for giving to a loved one or friend, or keeping as a treasured memento of your own.

case in oak, cherry or walnut.

#### **Veterans:**

Veterans are special people, honor them with a wood flag

**Sympathy Cards:** We are pleased to offer an assortment of exclusive sympathy cards. When you just can't find the right words, we can help you choose a card that will offer hope and healing.

**Pamphlets:** Our assortment of free pamphlets cover a variety of topics, and offer hope and encouragement, as well as suggestions for helping the grieving family.

**Literature:** Often difficult to find, we offer a full selection of grief books and children's books on specific issues surrounding grief and loss.

**Flowers:** Create a striking visual expression of a floral tribute to your loved one for the funeral. We offer a wide selection of flowers that will help express the love you wish to convey.

**Infants:** This area is designed to offer a soothing environment for families who have suffered the loss of an infant. Our literature section offers books and helps for siblings as well.

**Jewelry:** Keep the memory of your loved one with you forever with exquisite solid sterling silver jewelry urns. Available in bracelets, rings and a variety of necklaces.

**Rose Pedals:** Rose Petal Keepsakes are another way to remember loved ones. Rosaries, necklaces, bracelets, earrings and car medals are made with rose beads from flower arrangements.

**Thumbprints:** Precious Memories are keepsakes that allow you to remember the one who have passed in a truly unique and powerful way. Captured from an inked

fingerprint, handprint, or foot print, each one is both unique and everlasting. This preservation in precious metal the lines and contours for countless generations to come.
